"The word... TAH, which appears on prophecy, given in about 1042 B.C., states, 'I AM THAT I AM;' and again -- "Thus shall thou say unto the children of Israel I AM has sent me unto you." -- 'This is my name forever.' (Exodus 3:14-15) (ibid., vol. ii, page 33)

Therefore, as Sir William Betham points out, these coins represent worship of Yahweh, the Biblical "I AM," the God of Israel; as such, the early colonists who founded the Etruscan civilization in Italy could only have been Israelites! These were not Phoenicians, the worshippers of "Baal.

Note particularly the virtual identity of the ancient Hebrew, British, Celtic, and early Etruscan worship of the True God. It is no accident that the Celtic "TA," Etruscan "TAH," and the similar Hebrew, "YAH," all have identical meanings: the "Seth-Eternity," or "Ever-Living," and the "I AM," showing their obvious connection. Our study, "THE OLD TESTAMENT ROOTS OF EARLY EUROPEAN MYTHOLOGY," shows the amazing similarity of their religious beliefs and customs.

HEBREW CONNECTIONS WITH EUROPE

Much evidence exists of ancient Israel in Europe. Our tract, "ANCIENT ISRAEL IN SPAIN AND BRITAIN," presents information about Hebrew colonization of Spain in the time of Solomon, whose "ships of Tarshish" (or Tartessus, another ancient name for Spain) are mentioned in the Bible. These traditions must have been strong, for the UNIVERSAL JEWISH ENCYCLOPEDIA (vol. I, p. 316) informs us, "John Sadler, a student of Oriental Literature, published in 1849 his RIGHTS OF THE KINGDOM, in which he endeavored to show...that the English are the descendants of Israelites. He explained the name "Britain" as being derived from the Phoenician BERAT ANAC...He was evidently influenced by the tradition that in the time of Solomon, PHIC or banadah, was ACCOMPANIED BY HEBREWS, reached as far as England and bartered their wares for the tin obtained from the mines of Cornwall. England was therefore known to the Israelites and they may have sought a refuge there after the fall of their kingdom [by the Assyrians, 722-676 B.C.]."

Were a significant number of these early European colonists Hebrews? In ancient times, Israel was a nation several times larger and more populous than Phoenicia, as can be easily seen on Bible maps. It would seem obvious that the few small Phoenician city-states could never by themselves have settled all of the coastlands of Europe.

Abraham's descendants were to "spread abroad" to the ends of the earth. (Gen. 15:18) Israel had already settled colonies in the isles of the west when Jeremiah wrote this in circa 600 B.C.: "Heard the word of the Lord, O ye nations and declare it in the ISLES afar off, and say, He that scattered Israel will gather him and keep him, as a shepherd does his flock." (Jer. 31:10) True to prophecy, Israel was gathered to the great shepherd, Jesus Christ, through faith, and the Israel nations became known as Christians, or 'Christ's Kingdom on earth.' "Sing...His praise from the end of the earth." (Isaiah 42:10) And they do.

EVANGELISTIC TWO-HOUSE INFORMATION CENTER

Jewish, Messianic, and Christian Research into Biblical Israel

P.O. BOX 1700, ROYAL OAK, MICHIGAN  48068

MODERN SCIENCE AND ARCHAEOLOGY IN RECENT YEARS HAVE MADE TREMENDOUS PROGRESS IN UNCOVERING FACTS ABOUT OUR FORGOTTEN PAST. NOT ONLY HAS MUCH OF THE SACRED STORY BEEN CONFIRMED AS FACT, BUT MANY MISCONCEPTIONS ABOUT IT HAVE BEEN PROVEN UNTRUE. A COMMON MISCONCEPTION OF YEESTERDAY WAS THE IDEA THAT ALTHOUGH THE PHOENICIANS TRADED AND ESTABLISHED COLONIES THROUGHOUT THE MEDITERRANEAN AREA, THEIR ISRAELITE NEIGHBORS NEVER SET FOOT ON A BOAT OR VISITED DISTANT LANDS IN ANCIENT TIMES. THIS IDEA PERSISTED IN SPITE OF THE FACT THAT THE WORD, 'HEBRE' itself is known to have signified "a colonist." MODERN RESEARCH HAS IN FACT NOW DOCUMENTED THAT ANCIENT SEMITIC COLONIZATION IN EUROPE INCLUDING HEBREW, WAS "EDIFICATION AND SIGNIFICANT," according to Dr. Cyrus H. Gordon, whose extensive research was highlighted throughout an entire issue of BIBLICAL ARCHAEOLOGIST magazine (March, 1996). Having written over 20 books and learned over a dozen languages, Dr. Gordon is widely considered the leading American-archeologist of Biblical antiquity. His research has established that "no longer can we...consider Israel the Mediterranean foundation." ("Homer and Bible," page 72)

COZONIZATION BY THE BIBLICAL TRIBE OF DAN

SCHOLARS HAVE WRITTEN FOR CENTURIES ABOUT AN ANCIENT SEA-FARING PEOPLE KNOWN TO MODERN HISTORY BOOKS AS THE TRIBES OF DAN, who founded civilizations in Greece, Spain, Britain, and Ireland. Scholars now know that the word, 'tribe,' means "a colonist." Dr. Gordon has also established that the suffix, 'tribe,' was added to names in early times to signify a people or community. Thus, the name of these important early European colonists should be translated, the "tribe of Dan." Was this the Biblical people, one of the twelve tribes of Israel? Indeed it was, according to Dr. Gordon, who relates, "A group of Sea People bore the name of "Dan." The Bible tells how a segment of the
